

# Not The Former Things

LIFE AND LEARNING WITH SPECIAL NEEDS

## Creating Your Own Individualized Education Plan (IEP):

Preferred Subjects: What subjects are easy and/or most interesting for my child? How can I incorporate more of this into his/her learning?

Pain Points: What are the areas of greatest struggle in my child's learning and in our days? (Include all daily activities, not just academics)

Progress and Practice : Where would I like for us to be this time next year? Is this realistic? Does this create the greatest impact for my child?

**Preferred Subjects + Pain Points + Progress and Practice =  
Ready To Create IEP Goals**
